High Sheriff Brown received the warrant by the last Hawaii mail. With the warrant was sent a photograph of the man wanted. The embezzlements were committed, it is alleged, during two months preceding July 19. The Japanese is thought to have come to this island after that date.

## Merit in .. Kodak . Work

When customers send films from California to us for developing and printing their merit is more than ordinary merit in the class of work we turn out. They claim that they cannot get the same excellent results in San Francisco, and are willing to send 2000 miles and be sure of having good Kodak pictures. That's why we get the business merit.

We turn out uniformly good work. Every roll of film receives the treatment that skill and experience can give it.

Our Photographic Department is full of work, but we are able to turn out work when promised, and no order is sighted.

Our popular prices will save many a dollar for the amateur—that's another reason for you to bring us your work.

Remember we are headquarters for Kodaks, fresh films, plates, printing papers—everything in the photographic line. Let us have your next roll and we will demonstrate our claims for excellent and careful photo work.

## Are all ADS Exaggerated? Many think so, but they're not

"I can't understand," said a customer to us the other day, "how a dry goods store can continue prosperous while claiming to sell at or under cost, for I assume that honorable merchants mean just what they say."

This lady was not aware that the advertised articles are but a small portion of a firm's stock, and that only extraordinary values can find their way into print. A merchant who advertises falsehoods is doomed to failure. No wise one would do so.

The following under-priced values get mentioned this week:

CORSETS. Still some of the two Dollar and Three Dollar kinds selling at.....\$0.50  
WHITE WASHABLE KRINKLE. A very desirable Holoku timber. Were 25 cents. Going this week at......12½  
DIMITIES. Extra super French check printed Dimities. Only a few pieces, in very dainty patterns. Actually worn 45 cents......12½  
LINEN LAWNS. Made in Great Britain. Are never sold in the United States at less than 25 cents a yard. A special half price opportunity......12½  
ASSORTED WASH GOODS. A new line of fine printed washable material. Only one dress pattern in each style, various lengths, per yard......12½  
AMERICAN DIMITIES. 50 pieces beautiful American Printed Dimities, bought cheap and sold cheap per yard (12 yards for a dollar)......81-3
